SCIENCE EDUCATION

Formerly GENERAL SCIENCE QUARTERLY

THE OFFICIAL JOURNAL OF

The National Association for Research in Science Teaching
The National Council on Elementary Science, and
The Science Association of the Middle States

Copyright, 1945, by SCIENCE EDUCATION, INCORPORATED

EDITOR:
SAMUEL RALPH POWERS
Teachers College, Columbia University, New York 27

BUSINESS MANAGERS:
ADVERTISING:
MERVIN E. OAKES
Queens College, Flushing, New York

CIRCULATION
CLARENCE M. PRUITT
R 234 Nat. Hist.
University of Illinois, Urbana, Illinois

DEPARTMENTAL EDITORS:
EDUCATIONAL TRENDS
R. WILL BURNETT
Stanford University, California

RESEARCH:
FRANCIS D. CURTIS
University of Michigan, Ann Arbor, Michigan

TEACHING REPORTS:
JOHN S. RICHARDSON
Miami University, Oxford, Ohio

VOLUME 29—NUMBERS 1 TO 5

JANUARY — DECEMBER, 1945

SCIENCE EDUCATION, INCORPORATED
525 West 120 Street
New York City

Health Education: Its importance and subject matter. BERNARD J. STERN, 61
HIGGINS, CONWELL DEAN. The Educability of adolescents in inductive ability, 82
High school chemistry, Specific suggestions for change and improvement in the teaching of. JOHN ALEXANDER KOWALD, 22

Improving research through a pre-abstracting service. SHAILER PETERSON, 99
An improvised rotator. J. S. RICHARDSON, 207
Inductive ability, The Educability of Adolescents in. CONWELL DEAN HIGGINS, 82
Infantile paralysis—Facts fight fears, A High school experimental project on. BETTY LOCKWOOD, 184
Influence of world events on science experiences in the elementary schools. H. EMMETT BROWN, 244
Introducing the contributors, 7, 60, 118, 174, 232

JEAN, F. C., AND ADA C. WINANS. The Educational and professional status of science teachers in the public schools of Colorado, 183
JOHNSON, PALMER O. The Scientific study of problems in science education, 175

Keeping up with science. ARTHUR L. ASSUM, 206
KEESLAR, OREON. The Elements of scientific method, 273
KEESLAR, OREON. A Survey of research studies dealing with the elements of scientific method as objectives of instruction in science, 212
KOWALD, JOHN ALEXANDER. Specific suggestions for change and improvement in the teaching of high school chemistry, 22

LAMBERT, RAY. Air resistance and streamlining, 266
LOCKWOOD, BETTY. Facts fight fears, a High School experimental project on infantile paralysis, 184

MANZER, J. GORDON. Present and future science courses, 143
MARTIN, W. EDGAR. A Chronological survey of research studies on principles as objectives of instruction in science, 45
MARTIN, W. EDGAR. A Determination of the principles of the biological sciences of importance for general education, 100; II, 152
The Meaning of appreciation. ALFRED F. NIXON, 35
MEDER, ELSA MARIE. Science in the world of 1945, 9
Method in science teaching. JOHN DEWEY, 119

NIXON, ALFRED F. The Meaning of appreciation, 35

OAKES, MERVIN E. Explanations of natural phenomena by adults, 137; II, 190
Obligations of physics teachers. L. R. WILLARD, 20
On the teaching of the basic sciences. Committee report, 148

PETERSON, SHAILER. The Evaluation of a One-Year course, the Fusion of physics and chemistry, with other physical science courses, 255
PETERSON, SHAILER. Improving research through a pre-abstracting service, 99
Physics teachers, The Obligation of. L. R. WILLIARD, 20
POTTHOFF, EDWARD F. The Use of demonstrations in science teaching, 253
Pre-abstracting service, Improving research through a. SHAILER PETERSON, 99
Present and future science courses. J. GORDON MANZER, 143
Principles as objectives of instruction in science, A Chronological survey of research studies on. W. EDGAR MARTIN, 45

Reading science, Scientific method in. RUTH STRANG, 72
Recent developments in science education at a state teachers college. VICTOR L. CROWELL, 188
Research studies dealing with the elements of scientific method as objectives of instruction in science, A survey of. OREON KEESLAR, 212
RICHARDSON, J. S. An improvised rotator, 207.
RICHARDSON, JOHN S. Some problems in the education of science teachers, 249
RICHARDSON, J. S. A Study of diffusion, 265
Rotator, An improvised. J. S. RICHARDSON, 207

Science in the world of 1945. ELSA MARIE MEDER, 9
Science teacher, Educational policy and the. R. WILL BURNETT, 40
Science teachers for the future. LEE R. YOTHERS, 78
Science teachers in the public schools of Colorado, The Educational and professional status of. ADA E. WINANS and F. C. JEAN, 133
Science teachers, Some problems in the education of. JOHN S. RICHARDSON, 249
Science teaching, The Use of demonstrations in. EDWARD F. POTTHOFF, 253
Science teaching in general education. J. D. BERNAL, 233
Scientific method as objectives of instruction in science, A Survey of research studies dealing with the elements of. OREON KEESLAR, 212
Scientific method, The Elements of. OREON KEESLAR, 273
Scientific method, Teaching to prospective elementary school teachers. TUNIS BAKER, 79
Scientific method in reading science. RUTH STRANG, 72
The Scientific study of problems in science education. PALMER O. JOHNSON, 175
Serving Cleveland and the nation through science teaching. ARTHUR O. BAKER, 86
Social implication of the introduction of atomic energy. W. HUGH STICKLER, 240

Some pertinent facts on the relation between high school and college education. R. WILL BURNETT, 209
Some problems in the education of science teachers. JOHN S. RICHARDSON, 249
Specific suggestions for change and improvement in the teaching of high school chemistry. JOHN ALEXANDER KOWALD, 22
STERN, BERNHARD J. Activities useful in the study of the maintenance of health, 124
STERN, BERNHARD J. Health Education: Its Importance and subject matter, 61
STICKLER, W. HUGH. Social implications of the introduction of atomic energy, 240
STRANG, RUTH. Scientific method in reading science, 72
SUBARSKY, ZACHARIAH. Toward a more adequate science education, 145
A Survey of research studies dealing with the elements of scientific method as objectives of instruction in science. OREON KEESLAR, 212
Teaching the scientific method to prospective elementary school teachers. TUNIS BAKER, 79
Toward a more adequate science education. ZACHARIAH SUBARSKY, 145
The Use of Demonstrations in science teaching. EDWARD F. POTTHOFF, 253

WARING, P. ALSTON. Cooperation for erosion control, 180
WILLIARD, L. R. The Obligation of physics teachers, 20
WINANS, ADA E. and F. C. JEAN. The Educational and professional status of science teachers in the public schools of Colorado, 133
World events, Influence of, on science experiences in the elementary school. H. EMMETT BROWN, 244

YOTHERS, LEE R. Science teachers for the future, 78
